STRIKERS OUT AGAIN

Chicago Meat Workers' War
Renewed.

EMPLOYERS CHARGED WITH FRAUD

President Donnelly Has Ordered All
Men Out in Chicago and Other
Cities—Calls on Allied Trades
to Quit Work.

CHICAGO, July 23.—The packing house strike was today ordered renewed in Chicago and all other cities. Violation of agreement by the packing house proprietors is assigned as the reason.

President Donnelly also requested leaders of all allied trades to order out their men on sympathetic strike.

President Donnelly, after charging the packers with fraud, calling the workmen out on a second strike and asking for a second walkout of the allied trades, said:

"I shall demand that all go out with the butchers, and we will make the packers realize before they get through that they have gone too far. The men feel that they have been skinned and died. We will win as surely as there is a God."

Following a meeting the Chicago packers issued the following statement:

"Much to our surprise, the men, after reporting for work and after getting started in nearly all the houses, were ordered out again."

"It is the intention of the packers to carry out their agreement in every particular, and if any house has given cause for grievance the same can be and any future grievance will be readily adjusted."

The various unions that would be affected by a sympathetic strike have already voted to walk out at the discretion of their leaders.

The following telegram was sent by President Donnelly to all the employees of the various packing houses in the different cities affected by the previous strike:

"Order out all the departments again. Companies violated agreement."

Three thousand cattle butchers reported at the stockyards here for work. Only half of them were given places. Thereupon all refused to work. They reported in a body at their union headquarters. The general order for a renewal of the strike was soon forthcoming.

The first rioting came when a man, Frank Miller, was set upon by a crowd of strike sympathizers. They beat him so badly that at the Englewood Union hospital, where he was taken, it was said he had little chance of recovery.

Further trouble came when Joseph Younicks, employed at Nelson, Morris & Co's plant, was taken out of the yards so that his knee, which had been fractured by the falling of a skid, could be cured by a physician. The doctor, after attending the wounded man, called an ambulance to have the sufferer taken back into the company's improvised hospital in the yards.

A crowd, assuming that Younicks was a nonunion man, attacked the ambulance and nearly upset the vehicle in an endeavor to reach the supposed foe. With drawn revolvers two policemen and the doctors defended their charge, the doctor declaring to the strike sympathizers that the wounded man was a fellow unionist. This took time, and the defenders had to withstand a siege till help came from the stockyards police station, a considerable distance.

Julius Ontario, a nonunion man, was dragged from a street car by eight strike sympathizers. He was set upon and beaten by a crowd which dispersed at the arrival of the police. Ontario will recover.

The joint conference between representatives of the meat packers and the meat butchers' union failed to reach an agreement last night in an effort to adjust the stockyards strike, and another conference has been arranged for today.

Unless a settlement is reached then the general belief is that a sympathetic strike of the allied trades in the packing industry, which was threatened last week, to enforce the demands of the strikers, will be called. All these unions have signified their willingness to stand by the butchers if they are called on to assist in the struggle with the packers for supremacy.

In the following statement given out by Mr. Donnelly, president of the butchers' union, the reason why the strikers refused to return to work is given:

"The packers signed an agreement that there would be no discrimination in the rehiring of the men. This was accepted by the officers of the organization in good faith. On the return of the men they were lined up like cattle. The foremen and superintendents, walking through the line, would pick out a man and say 'You come up.' The next man would be pushed out of line and told that he could not be used, and it was always the good, active union men whom they could not use."

According to estimates, 8,500 men were directly affected in Chicago alone by the strike. Fully that number of strikers were on hand expecting immediate employment, while others were expecting reinstatement later. The cattle butchers had no sooner reported than the charge of discrimination was raised. The butchers left in a body, and Mr. Donnelly's general order declaring another strike followed.
